

LUANG S is a locally manufactured table lamp designed by Faro Lab. The Luang family is inspired by the art and hand-crafted objects made with papyrus and natural fibres in Southeast Asia and by how they create incredibly formal poetic and complex volumetric objects from flat elements. It has a minimalist structure that contrasts profoundly with the free and organic appearance of its shade which, by not having a structure and being materialised exclusively in papyrus, lights up entirely. This model's shade is camel, providing a very natural, cosy light. Lighting solutions designed for global markets, compatible with mains voltages: 110 - 120V and 220 - 240V.

General characteristics

| | |
|--------------|-----------|
| Fixation | Table |
| Type | II |
| IP | 20 |
| voltage | 100V-240V |
| Hertz | 50/60Hz |
| Cable meters | 1900mm |
| Switch type | On/Off |
| Max. Power | 15W |

Material

| | |
|----------------|-----------|
| Body/Structure | Steel |
| Screen | Parchment |

Finish

| | |
|--------|-------|
| Screen | Camel |
