

Outdoor lighting version of the AKANE lamp, designed by Pepe Llaudet. It preserves the oriental inspiration of the indoor collection, but with a shade with fabric fringing that lets the light pass through, creating a pretty effect. This beige floor light fixture is only suitable for glass LED light bulbs, A60, ST64, G95 and G125 models. Lighting solutions designed for global markets, compatible with mains voltages: 110 - 120V and 220 - 240V.
