

CLAP is an outdoor lighting system known for its architectural and multifunctional character. It offers a variety of lighting solutions, both direct and indirect, with a cohesive aesthetic (stakes, beacons, wall fixtures, pendants, tree projectors, etc.). The CLAP linear pendant, with its nearly invisible structure and volume, emphasizes accent lighting, making it ideal for creating spaces with a theatrical quality in galleries and semi-covered areas. It is black in color, with a color temperature of 3000K and a 38° angle. You can pair the projectors with the anti-glare visor ref. 75714 - 2 to optimize visual comfort.

## General characteristics

Fixation	Ceiling
Type	I
IP	65
voltage	220V-240V
Hertz	50/60Hz
Cable meters	2000mm
Upwards Vertical orientation	↻ 360
Downwards vertical orientation	↻ 355
Tensioner included	Yes
Max. Power	3X6W

## Material

Body/Structure	Aluminium
----------------	-----------

## Lighting characteristics

Light source included	Yes
Light source	COB LED
Temperature	3000K
Adjustable colour temperature	No
LM	3x524lm
CRI	>80
Dimmable light source	No
Degrees of light aperture	38°
Energy classification	F

## Driver

Requires Driver	Yes
Driver included	Yes
Maximum driver information	24V CV
