

The ISABELLE collection designed by Héctor Serrano stands out for its wavy and delicate texture reminiscent of elegant vases. Emitting a soft, warm light through an opal glass diffuser, its waves play with light and shadow giving it a unique personality. The ISABELLE 310 pendant light fits perfectly into any space, whether domestic or contract. It is available in three complementary designs which can be used individually or together depending on the ambience desired. Lighting solutions designed for global markets, compatible with mains voltages: 110 - 120V and 220 - 240V.

### General characteristics
